SYSTEMS
grip

Unique lightweight + ergonomic design, stretch film dispenser.

With GRIP®

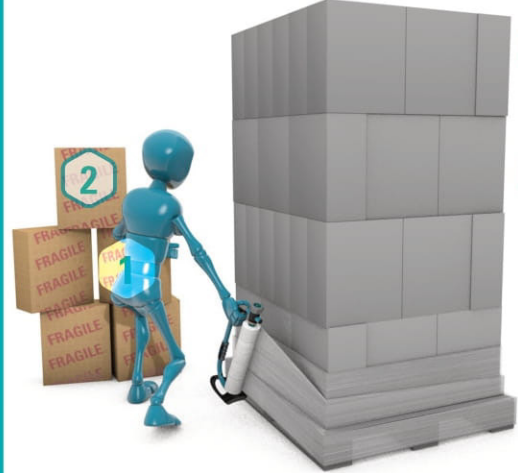

Without GRIP®

1 Improved ergonomics relieves stress on lower back and speeds up the wrapping process.

2 The unique design and application process when using GRIP® means you are always aware of your surroundings and potential hazards.

3 The lightweight construction of GRIP® makes it easy to maintain film tension - even when working at height.

4 The GRIP® robust skid plate allows you the flexibility to easily add extra load support.

GRIP®
KEY FEATURES:

Speed thread allows rapid locking and unlocking

Robust skid plate incorporating non-slip core retention

Lightweight, with rapid roll-change system
